Welcome!

Welcome to download slideshows and audiobooks from my database. The design of the slideshow pages is such that they are similar to picture books and for self-study. Text and image in combination teach more effectively than text alone.

The advantage of slideshows is the large text and that you can directly show the slideshows to small and large groups.

My slideshows are not for lectures but for individual self-study. Right now, 1 158 objects can be downloaded and most of them are free.

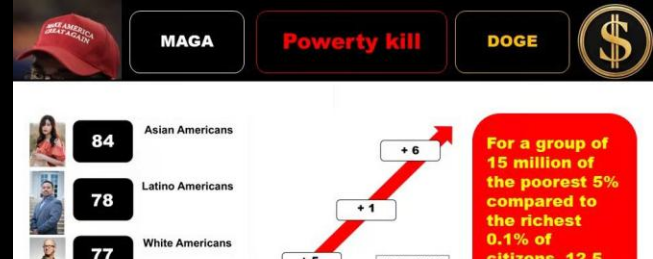
Transferring money to the rich will not increase their lifespan, but taking money from the poorest will lead to extra deaths.

Probably several hundred thousand life years.



For a group of 15 million of the poorest 5% compared to the richest 0.1% of citizens, 12.5 years of shorter life could collectively equate to the equivalent of 2.67 million lives.

The damage to Japan with perhaps 250,000 deaths in the US bombing with Atomic Bombs cannot be compared to the one Russia unleashed on the US in the form of agent Krasnov (Donald Trump). Trump's policies will cost American lives. Lack of healthcare, medicine and increased poverty will lower the country's average life expectancy. It is not excluded that it will kill more than 250,000 lives.

DICTATOR

Anders Dernback

Sweden had not been at war since 1814. But because the country was on the right side of supporting Napoleon or not, Sweden was served a country called Norway on a silver platter. But the proud people of Norway had more in common with Denmark, which had chosen the wrong side and was on Napoleon's side. France's celebrated General had become King of Sweden and now Sweden needed to forcefully discipline Norway into a Union that lasted from 1814 to 1905. Then the Norwegian people had had enough. King Oscar II died in 1907 and could not get over the loss of Norway. Never again did he think of Gabriel Horn. The plans to introduce a dictatorship in Sweden had been there for a long time.
Two elections and different Riksdags, it would only take between eight and twelve months. Everything was already planned down to the smallest detail. Gabriel already had a foothold in the naive part of the population. Twenty percent needed to grow to 30 to 40%. Adolf Hitler had in his plan managed the project of 33.1% in the 1932 election. But more was needed in Sweden, Gabriel knew that. He decided on the goal of 40%. Then he would take power.

Apparently the law doesn't work in the US. With freedom of the press and freedom of speech, a *President shouldn't make lists of journalists he personally dislikes.*

The Nazi book burnings were a campaign conducted by the German Student Union to ceremonially burn books in Nazi Germany and Austria in the 1930s. The books targeted for burning were those viewed as being subversive or as representing ideologies opposed to Nazism.

HISTORY OF ANYTHING

Anders Dernback 2020

NATO countries are significantly stronger than Russia economically, with a collective GDP of around $40 trillion compared to Russia's approximately $2 trillion, and in terms of population.

9,8 % of NATO spending

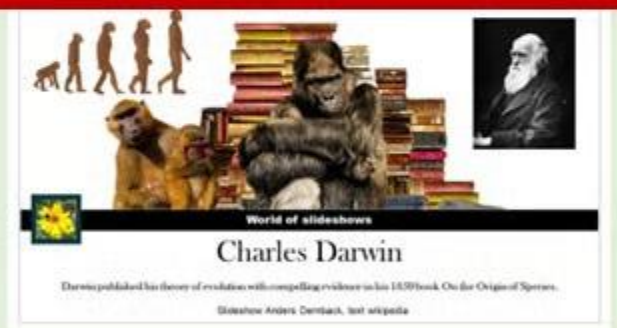
Membership

NATO countries are significantly stronger than Russia economically, with a collective GDP of around $40 trillion compared to Russia's approximately $2 trillion, and in terms of population.

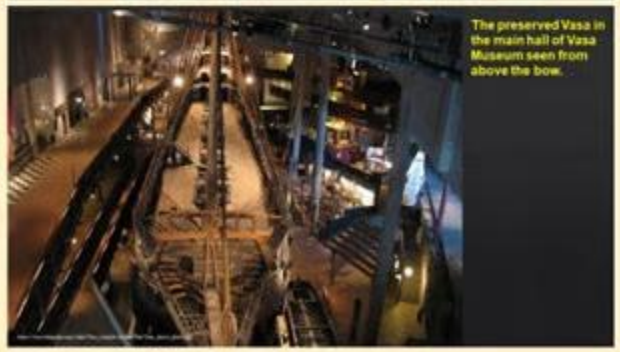
In a war with NATO, Russia would likely face a quick defeat in a conventional war due to its smaller economy and military limitations

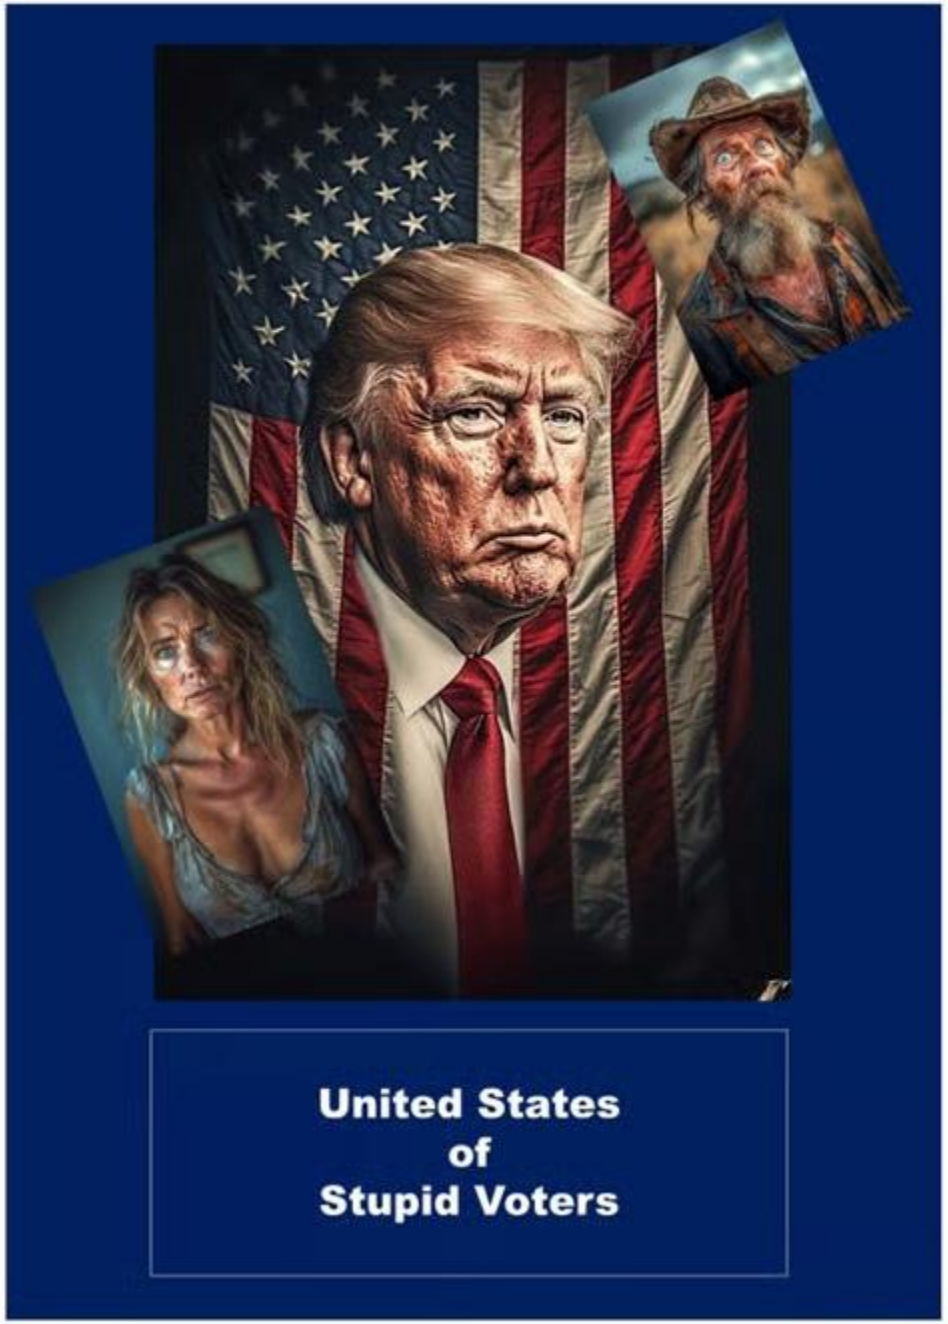
Weimar Republic
is an unofficial historical designation for the German state from 1918 to 1933. The name derives from the city of Weimar, where its constitutional assembly first took place.

1 200 Slideshows to study



Master Henrik never saw Vasa completed; he fell ill in late 1625, and by the summer of 1626 he had handed over supervision of the work in the yard to another Dutch shipwright, Henrik "Hein" Jacobsson. He died in the spring of 1627, probably about the same time as the ship was launched.





Donald Trump has the worst ranking of all US presidents. It also casts a shadow over those who elected him, and a full 77 million voters have automatically become the worst voters in the history of the United States.

TREASON

this is a work of fiction

Washington Trials 2029 on Donald Trump's Abuse of Power and Treason

Washington Trials 2029 on Donald Trump's Abuse of Power and Treason

This story is about a real case. The Nuremberg Trials, which were the aftermath of war crimes and crimes against humanity committed by the Nazis during and before World War II.

The story that is also included is a comparison with a pure novel text and a pure fantasy. No one has committed any crimes that appear in the text and it is only there to be able to compare with the real crime from the 1930s and 1940s. The fantasy case has been chosen to take place in the future and the people can clearly not be guaranteed to be alive in 2028 or 2029.

The text, a draft of a script, is completely written by an AI service. Anyone who wants to try to write their own script for a book is free. Feel free to change the names of people before a book is possibly published.

Nuremberg trials 1945 - 1946

Washington trials 2028 - 2029

The evidence suggests a coordinated effort to undermine democratic processes, spread disinformation, and actively work against the interests of the United States, allegedly for personal gain and to consolidate power.

PRESIDENTIAL GREATNESS PROJECT

A Joint Project of Professors Brandon Rottinghaus (University of Houston) and Justin Vaughn (Coastal Carolina University) The 2024 Presidential Greatness Project Expert Survey was conducted online via Qualtrics from November 15 to December 31, 2023. Respondents included current and recent members of the Presidents & Executive Politics Section of the American Political Science Association, which is the foremost organization of social science experts in presidential politics, as well as scholars who had recently published peer-reviewed academic research in key related scholarly journals or academic presses. 525 respondents were invited to participate, and 154 usable responses were received, yielding a 29.3% response rate. The primary purpose of this survey was to create a ranking of presidential greatness that covered all presidents from George Washington to Joe Biden. To do this, we asked respondents to rate each president on a scale of 0-100 for their overall greatness, with 0=failure, 50=average, and 100=great. We then averaged the ratings for each president and ranked them from highest average to lowest.

Donald Trump
2025 - 2029

Last Ranking 47
First Criminal President

The Siena College Research Institute's 2022 **survey ranked him *43rd out of 45 presidents*. He was ranked near the bottom in all categories except for luck, willingness to take risks, and party leadership, and he ranked last in several categories.**

In 2018 and 2024, surveys of members of the American Political Science Association ranked him the worst president.

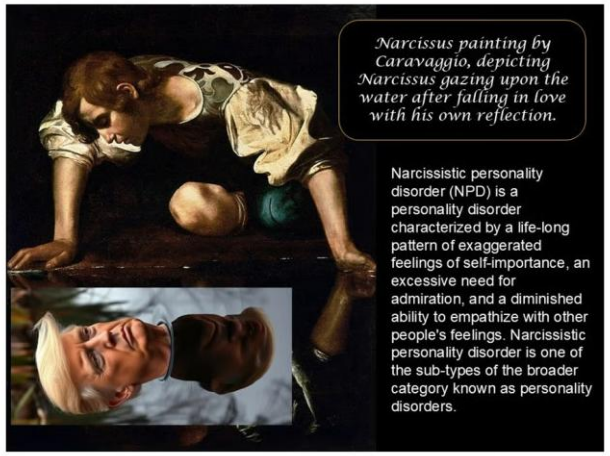
Psychiatrist, author and former member of parliament and minister Claes Andersson says he stands by his statement in the Elders' Council on Yle Vega on Monday. Donald Trump suffers from a personality disorder, he says. The fact that Claes Andersson is now expressing his opinion is because he is a specialist in psychiatry by training. He has worked in psychiatry for over 30 years, including as a chief physician in Ekenäs, at Hesperia Hospital in Helsinki and at Veikkola Sanatorium. He has treated many narcissists and psychopaths during his active career as a doctor, and has his experience to rely on.

- *Narcissistic psychopaths* are by no means uncommon, he says. What is a narcissist then? A narcissist is self-absorbed, and lacks the ability to empathize with others. He lacks the ability to empathize. Therefore, he does not take responsibility or feel guilty for anything, Andersson explains, adding that despite this, the narcissist is often both charismatic and seductive.

And he maintains that *when it comes to Trump, the case is rarely clear. He says he can make this diagnosis remotely, because the symptoms are so clear.* And Trump has offered them himself - in everything he has said to cheering crowds and in TV speeches.
And on Twitter.

Bettina Sågbom
30.1.2017



Narcissus painting by Caravaggio, depicting Narcissus gazing upon the water after falling in love with his own reflection.
Narcissistic personality disorder (NPD) is a personality disorder characterized by a life-long pattern of exaggerated feelings of self-importance, an excessive need for admiration, and a diminished ability to empathize with other people's feelings. Narcissistic personality disorder is one of the sub-types of the broader category known as personality disorders.

What Happens if the President Issues a Potentially Illegal Order to the Military?

What Happens if the President Issues a Potentially Illegal Order to the Military?

Uniformed commanders themselves have a specific obligation to reject an order that's unlawful, if they make that determination.

All military members swear to "preserve, protect, and defend the Constitution of the United States against all enemies, foreign and domestic." Within that oath is the implication that service members hold allegiance to the rule of law.

The oath of enlistment goes on to ask service members to follow orders, but adds that it must be done "according to regulations and the Uniform Code of Military Justice," or UCMJ. Both Article 90 of the UCMJ, the charge of willfully disobeying a superior commissioned officer, and Article 92, failure to obey an order, say that they apply only to lawful orders.

During a March 2023 rally in Iowa, Trump suggested that he would use federal troops in cities like New York, Chicago, Los Angeles and San Francisco, which he argued have become crime dens.

"It is critical that the Insurrection Act specify what actions are permitted and what actions are prohibited, lest it become a vehicle for presidents to assert unlimited authority backed by military force." If an order is deemed lawful, a military commander who still has objections has little recourse but either to appeal to some higher echelon, carry out the order, or resign rennan Center wrote in a 2023 legal journal article.

You are not required to follow an unlawful order.

That would be in violation of all the international laws of armed conflict.

The Landlord's Game board, published in 1906.

Magie first made her game, known as The Landlord's Game, popular among friends while living in Brentwood, Maryland. In 1903 and She was granted U.S. Patent 748,626 on January 5, 1904.

Lizzie Magie

was an American game designer, writer, feminist, and Georgist. She invented The Landlord's Game, the precursor to Monopoly, to illustrate teachings of the progressive era economist Henry George. The Landlord's Game was designed to demonstrate the economic ill effects of land monopolism and the use of land value tax as a remedy for it.

Hercule Poirot

Agatha Christie

Hercule Poirot

The Mysterious Affair at Styles is the first detective novel by British writer Agatha Christie, introducing her fictional detective Hercule Poirot. It was written in the middle of the First World War, in 1916, and first published by John Lane in the United States in October 1920 and in the United Kingdom by The Bodley Head (John Lane's UK company) on 21 January 1921.

Styles introduced Poirot, Inspector (later, Chief Inspector) Japp, and Arthur Hastings. Poirot, a Belgian refugee of the Great War, is settling in England near the home of Emily Inglethorp, who helped him to his new life. His friend Hastings arrives as a guest at her home. When Mrs Inglethorp is murdered, Poirot uses his detective skills to solve the mystery.

The book includes maps of the house, the murder scene, and a drawing of a fragment of a will. The true first publication of the novel was as a weekly serial in The Times, including the maps of the house and other illustrations included in the book. This novel was one of the first ten books published by Penguin Books when it began in 1935. Styles was well received by reviewers in the UK and the US at initial publication. The story features many of the elements that have become icons of the Golden Age of Detective Fiction.

Sweden supports American democracy

In 1900 - 1999, governments killed 272 million people and 75% of deaths from Dictatorships

Violation of the US Constitution, war crimes, murder, used soldiers against the population, imprisoned 170 innocent citizens, convicted of 34 crimes, used courts for personal revenge, false accusations against opponents, widespread corruption, political betrayal of NATO allies, used his own police to violate the Constitution. Hiring incompetent ministers, firing capable military commanders. Interference in the work of the courts and firing.

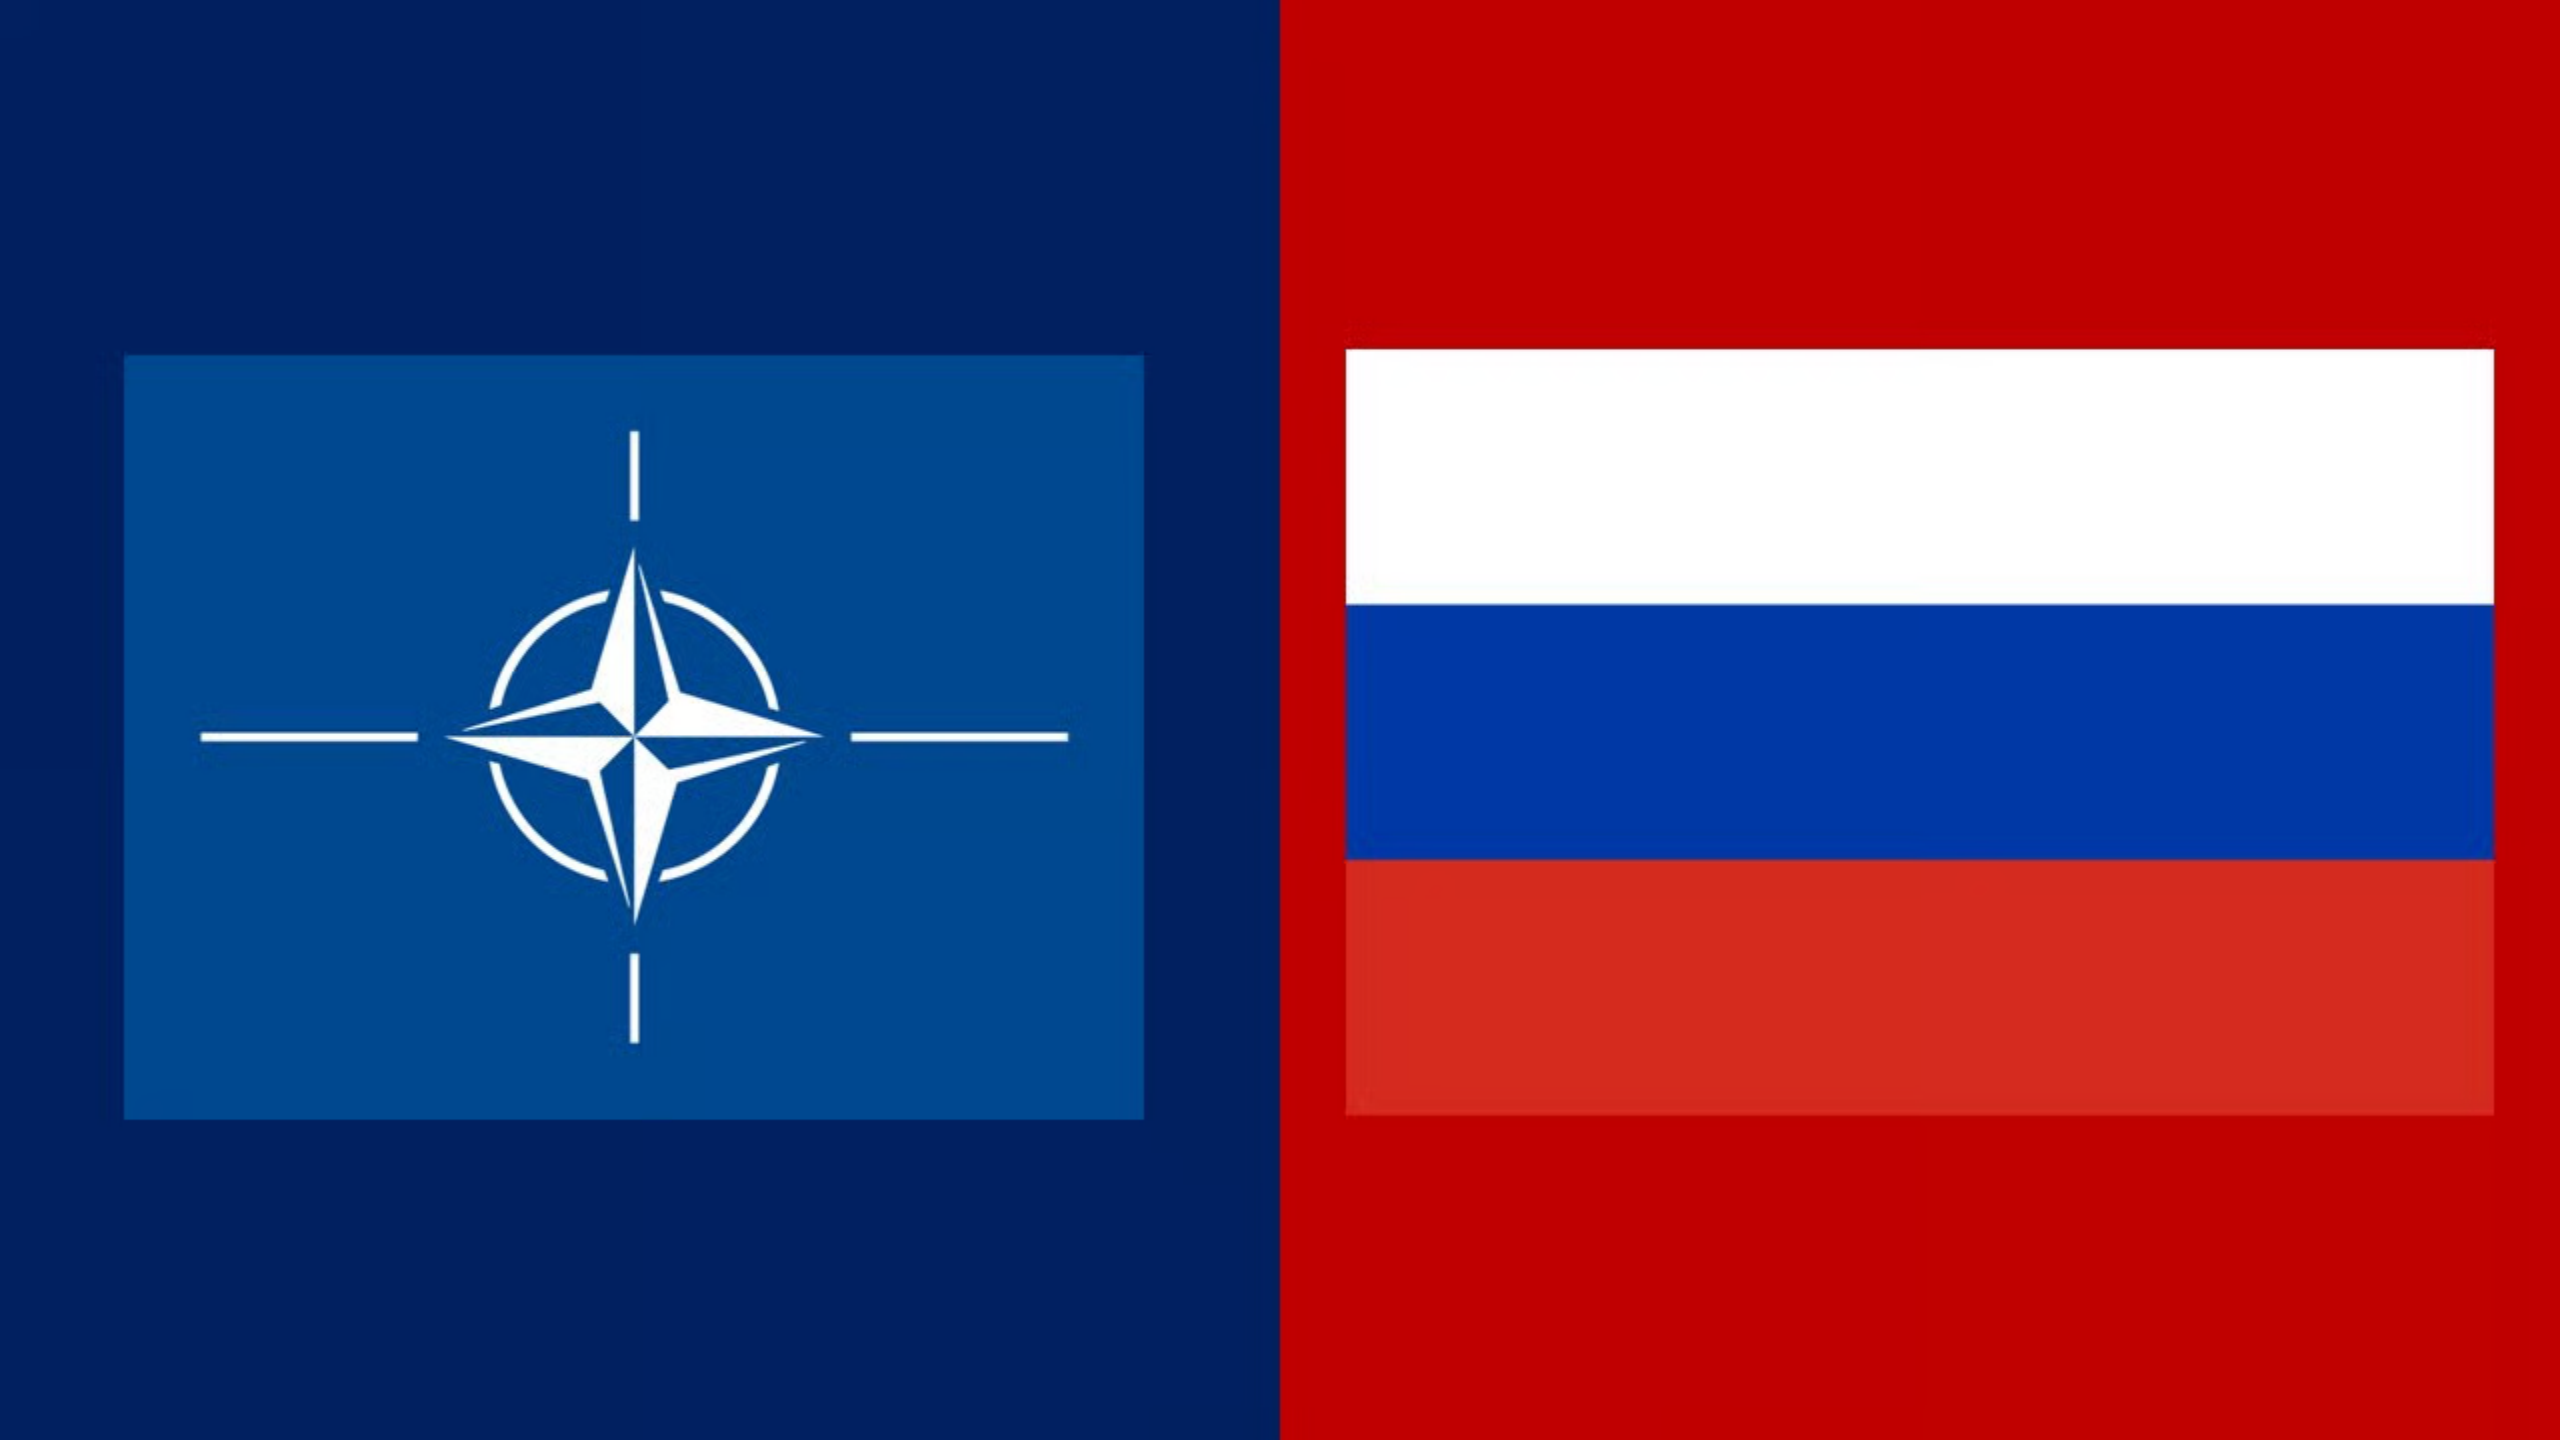
From a Book about US History 2028

Compare: Wors to kill FISHERMEN

BBC editing mistake

Trump (GOV) Killing Fishermen

BBC
Rewarded for attempted coup! Adolf Hitler received 5 years in prison in 1923 for his attempt. German Courts were functioning in 1923 but US courts were not functioning after 2020.



Comparison of the military capabilities of NATO and Russia as of 2025

	NATO	Russia
Total military personnel	8,658,882	3,570,000
Active soldiers	3,439,197	1,320,000
Reserve forces	4,343,065	2,000,000
Paramilitary units	876,620	250,000
Air Force		
Total aircraft	22,377	4,292
Fighters / interceptors	3,312	
833Ground attack aircraft	1,163	
689Transport aircraft	1,479	456
Special aircraft (e.g reconnaissance)	889	141
Tanker aircraft	658	19
Total helicopters	9,141	1,651

As of 2025,the combined forces of NATO had approximately 3.44 million active military personnel, compared with 1.32 million active military personnel in the Russian military. The collective military capabilities of the 32 countries that make up NATO outnumber Russia in terms of aircraft, at 22,377 to 4,957, and in naval power, with 1,143 military ships, to 419. In terms of ground combat vehicles, NATO had an estimated 11,495 main battle tanks, to Russia's 5,750. The combined nuclear arsenal of the United States, United Kingdom, and France amounted to 5,559 nuclear warheads, compared with Russia's 5,580.

Welcome to Venezuela

Time to kill a Fisherman

1923 2021

No, I didn't mean that you should use violence during your visit to the White House, but that you should wait for a normal tour that other tourists get.

Different punishments for sedition and attempted coup. In 1923, Adolf Hitler received five years in prison, was released after 8 months. In 2021, Donald Trump received no punishment. The evidence was sufficient for participation in the attempted coup, but he was elected President again. No punishment.

Donald Trump

Want to become a Dictator

1923 2021

Beer Hall Putsch

was a failed coup d'état by Nazi Party leader Adolf Hitler, General Erich Ludendorff and other Kampfbund leaders in Munich, Bavaria, on 8–9 November 1923, during the period of the Weimar Republic. Inspired by Benito Mussolini's March on Rome, Hitler's goal was to use Munich as a base for a march against Germany's national government in Berlin.
Hitler and the Nazi Party planned to seize Munich and use the city as a base for a march against Germany's national government.
Result German government victory
Putsch failure Arrest of Nazi Party leadership.

Casualties and losses

Nazi criminals: 15 killed and about a dozen injured
Many captured and imprisoned GOV 4 killed.

Nazi leaders

Adolf Hitler - Erich Ludendorff - Ernst Röhm
Rudolf Hess - Ernst Pöhner - Max Erwin von Scheubner-Richter - Robert Heinrich Wagner
Hermann Göring - Heinrich Himmler

Stoßtrupp men embark for a rally in 1923

Despite a coup attempt and imprisonment in 1923, 33.1% chose to vote for Hitler in 1932. Between 1933 and 1945, approximately 21 million people were killed during the Nazi Era.
A wrong choice by the voters.

33,1 % voted for Hitler.
Dictator 1933 – 1945
21 million killed

On January 6, 2021, the United States Capitol in Washington, D.C., was attacked by a mob of supporters of President Donald Trump in an attempted self-coup, two months after his defeat in the 2020 presidential election. They sought to keep him in power by preventing a joint session of Congress from counting the Electoral College votes to formalize the victory of then president-elect Joe Biden. The attack was unsuccessful in preventing the certification of the election results. According to the bipartisan House select committee that investigated the incident, the attack was the culmination of a plan by Trump to overturn the election. five people died: one was shot by the Capitol Police, another died of a drug overdose, and three died of natural causes, including a police officer who died of a stroke a day after.

Members of the Proud Boys participated in the attack on the United States Capitol building on January 6, 2021

Proud Boys leaders who were guilty of leading a seditious conspiracy to stop the transfer of power: Chairman Enrique Tarrio of Florida (top left), Ethan "Rufio" Nordean of Washington State (top center), Joe Biggs (top right) of Florida, Zachary Rehl of Pennsylvania (bottom left) and Jeremy Bertino of South Carolina (bottom right). Bertino pleaded guilty, while the other four were found guilty at trial.

Maiden voyage

On 10 August 1628, Captain Söfring Hansson ordered Vasa to depart on her maiden voyage to the naval station at Älvsnabben. The day was calm, and the only wind was a light breeze from the southwest. The ship was warped (hauled by anchor) along the eastern waterfront of the city to the southern side of the harbor, where four sails were set, and the ship made way to the east. The gun ports were open, and the guns were out to fire a salute as the ship left Stockholm.

enforcement in specific, limited situations.
These situations include when:
A state governor requests help to suppress an insurrection. There is "unlawful obstruction, combinations, or assemblages, or rebellion" against the federal government that makes it "impracticable to enforce" laws through ordinary judicial proceedings.
Federal law is being opposed or obstructed, or when the president needs to enforce federal laws or protect civil rights when a state is unable or unwilling to do so.
The Insurrection Act gives the president broad discretion in deciding when to invoke it, but it is intended as a tool of last resort for genuine emergencies where civilian authorities are overwhelmed.

History of England Chapter 02
by Thomas Babington Macaulay
This is the second chapter of Thomas Babington Macaulay's History of England from the Succession of James II.
In this chapter we see the restoration of the House of Stuart. The mood of the people sours toward the Roundheads, Army and, of course the Puritans. An examination of the character of Charles II. We see Charles attempting to recruit assistance from France so he can attain absolute monarchy and so emulate Lewis the Fourteenth, the French Sun King.

"The Flu": A Brief History of Influenza in U. S.
America, Europe, Hawaii
A. Mouritz (1861 - 1943)
This Booklet has been written and compiled for the use of any student or layman who seeks concise and clear information on the history of Influenza. Brief and salient facts are set forth relating to "Flu" epidemics and pandemics: other collateral features have also been discussed, connected with or bearing upon this subject.
Honolulu, Hawaii, U. S. A., 1921. - A. Mouritz
Much of the material in "The Flu" is still relevant today, like pandemic terminology, thoughts about causes and micro-organisms, the flu's relationship with pneumonia, the impact on society, and approaches to treatments.

PEW RESEARCH CENTER
U.S. President Donald Trump receives mostly negative ratings in a new Pew Research Center survey of 24 nations.
More than half in 19 of these countries say they lack confidence in Trump's leadership of world affairs.
Majorities in most countries also express little or no confidence in Trump's ability to handle specific issues, including immigration, the Russia-Ukraine war, U.S.-China relations, global economic problems, conflicts between Israel and its neighbors, and climate change.
When asked about Trump's personal characteristics, most describe him as arrogant and dangerous, while relatively few see him as honest. Still, majorities in 18 countries consider Trump a strong leader.
In most nations, views about Trump differ sharply along ideological and partisan lines. People who place themselves on the right and those who have favorable views of right-wing populist parties in Europe tend to view Trump more favorably.
Overall ratings of the United States have declined in 15 nations since last spring, including drops of 20 percentage points or more in Mexico, Sweden, Poland and Canada.
The U.S. receives its least positive assessment in Sweden, where 79% have a negative opinion of the country.

It only takes one charismatic sociopath who overpromises and lies to persuade 30-40% of the voters in a country.
That is a surprisingly large percentage of the population who let themselves be fooled because they think they will get much better and completely for free.
They only need to vote for the sociopath and the notorious liar. Of course they will be fooled. Hitler fooled 33.1% in 1932, which cost about 61 million deaths. Nazi Germany killed about 21 million people from 1933 to 1945.

CARRY ON, JEEVES
A LIBRIVOX FREE AUDIOBOOK
P.G. Wodehouse
Carry On, Jeeves
by P. G. Wodehouse
"Leave it to Jeeves" was Bertie's motto, be the question one of a colour of a tie, the style of a hat, the cut of a coat. Jeeves was always right. There was no one like his to placate rich uncles or indignant mammas. He said just the right thing at just the right moment.
What did it matter that Jeeves was somewhat of a tyrant, and that without his approval Bertie could not grow so much as a moustache? Was he not always there to lean on in moments of stress? And moments such as these were frequent in the life of Bertie and his friends. Jeeves service was extended to them all.
"Carry On, Jeeves" is a collection of ten short stories, many of which had previously appeared in the Saturday Evening Post, and some were rewritten versions of stories in the collection My Man Jeeves. (Summary from an original jacket and by Maria Therese)

PARALLEL LIVES OF THE NOBLE GREEKS AND ROMANS, VOL 5
BY LUCIUS MESTRIUS PLUTARCHUS

LibriVox recording of Parallel Lives of the Noble Greeks and Romans, Vol 5 by Lucius Mestrius Plutarchus. (Translated by Bernadotte Perrin.) Read in English by LibriVox Volunteers.

This is Volume 5 in the series of Parallel Lives of the Noble Greeks and Romans. It includes biographies of famous men and explores their common moral virtues or failings. Plutarch writings explore the influence of character whether this be good or bad on the lives and destinies of the famous men. Volume 5 presents the comparison of the lives of Agesilaus and Pompey, and Pelopidas and Marcellus. Volumes 1 - 4 and 7 are already in the catalogue see the links below. (Summary by Michele Eaton)

"Archology" refers to two distinct concepts. One is a rare synonym for archeology, the study of the origins of things, or the science of government. The other, and more prominent meaning, is a portmanteau of "architecture" and "ecology," referring to the field of creating architectural design principles for densely populated and ecologically low-impact human habitats. This concept was coined by architect Paolo Soleri and is often associated with large, self-contained structures that minimize environmental impact.

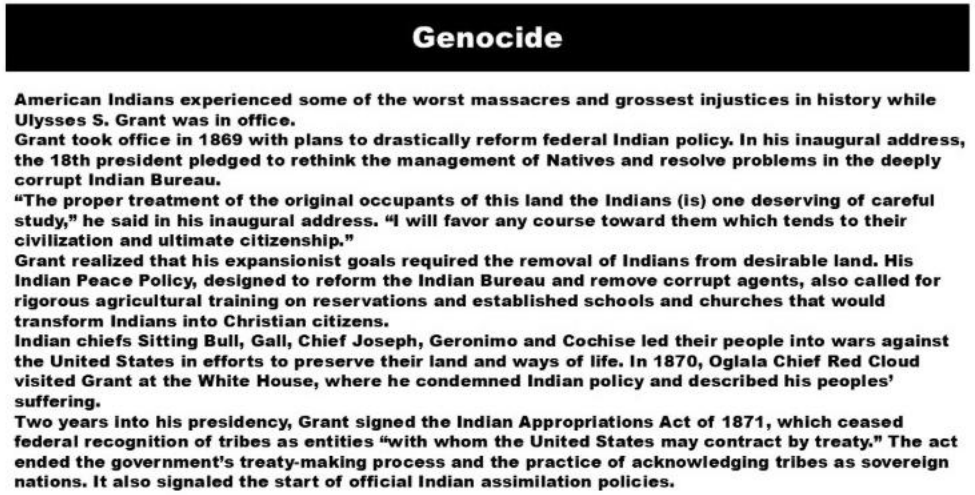
Historical Traitors (English)



Genocide
American Indians experienced some of the worst massacres and grossest injustices in history while Ulysses S. Grant was in office.
Grant took office in 1869 with plans to drastically reform federal Indian policy. In his inaugural address, the 18th president pledged to rethink the management of Natives and resolve problems in the deeply corrupt Indian Bureau.
"The proper treatment of the original occupants of this land the Indians (is) one deserving of careful study," he said in his inaugural address. "I will favor any course toward them which tends to their civilization and ultimate citizenship."
Grant realized that his expansionist goals required the removal of Indians from desirable land. His Indian Peace Policy, designed to reform the Indian Bureau and remove corrupt agents, also called for rigorous agricultural training on reservations and established schools and churches that would transform Indians into Christian citizens.
Indian chiefs Sitting Bull, Gall, Chief Joseph, Geronimo and Cochise led their people into wars against the United States in efforts to preserve their land and ways of life. In 1870, Oglala Chief Red Cloud visited Grant at the White House, where he condemned Indian policy and described his peoples' suffering.
Two years into his presidency, Grant signed the Indian Appropriations Act of 1871, which ceased federal recognition of tribes as entities "with whom the United States may contract by treaty." The act ended the government's treaty-making process and the practice of acknowledging tribes as sovereign nations. It also signaled the start of official Indian assimilation policies.

The USA violates 100 of rights for prisoners and rights for humanity. Read the following rules and it is clear that keeping prisoners in Florida in a swamp with high temperatures and total isolation, substandard surface to stay on, substandard minimum standards within most rules in conventions. The accommodation is at a level reminiscent of German camps in the years 1933 - 1945. Exception gassing of prisoners and burning of the bodies. Alligator Alcatraz is similar to basement storage in Sweden and where discarded objects or other things are stored, but never animals or people. Building these prisons indicates a total lack of empathy, which is characteristic of a Sociopath. It puts a stamp on the USA to act similar to the Nazi regime in Germany in the years 1933 - 1945.

Donald Trump future (English)

Donald Trump's presidency was a tumultuous and controversial period in American history. His first 100 days in office set the tone for a disastrous term that would see him become the most unpopular and inept leader the nation has ever seen. This paper will explore the key events and policies that led to Trump's downfall and eventual trial for treason.

Deportation of US Citizens to Concentration Camps: One of Trump's most egregious actions was the deportation of US citizens, including legal permanent residents and even natural-born American citizens, to makeshift concentration camps set up in El Salvador. The conditions in these camps were worse than those in Nazi Germany during World War II. Detainees faced overcrowding, poor sanitation, inadequate food and water, and physical and sexual abuse at the hands of guards. Many died under these inhumane conditions.

The deportation policy was a clear violation of the Constitution and international human rights law. Trump ignored rulings from federal courts that attempted to block his executive orders. He replaced judges who ruled against him with hand-picked loyalists who would rubber-stamp his illegal actions. The media was silenced through intimidation and censorship.

created to prevent a person who wanted to introduce a dictatorship and looked after his own interests. This is also known from a letter from President George Washington. Since Donald Trump, through a number of irregular decisions and these clearly show plans to make himself a dictator, is already violating the constitution and that should be enough to impeach him. Otherwise, the constitution is written incorrectly, or those who sit in the Senate and House of Representatives are too cowardly. The representatives who do not try to prevent Donald Trump will have played the same role in history as those who did nothing to stop Adolf Hitler. So it must be that they think like Donald Trump or see other advantages in being close to a dictator. They may like power or their own economic advantages. You can bundle up the judgment about these cowards later in new history books. "These traitors to the American Constitution sat there helpless and just watched and let it happen. We now know that XXXXX (can be filled in later, that this many lives were lost) (who knows a third World War might be traced back to their

Tjeckoslovakia (UK + France?) Ok do it
Time to wake up, you still have time to avert the biggest scandal in US history. Trump and Musk are planning to form a new, larger USA. Canada and Greenland will be included. In the longer term, Mexico too. The idea that Technocrats with extreme wealth know better is the basis for the plan. It is completely inspired by Elon Musk, who in turn was inspired by a book from 1855 and reworked in the 1920s. Sectors have already been formed with such ambitions and they have been banned. Elon Musk has dusted off the plans and only a blind and deaf person does not see or hear how Nazi-inspired plans have already begun. The plan includes dismantling important public health functions. Haven't you noticed it yet? The US has simply got criminals to lead the country towards the same

If you're a little confused about what Musk is trying to achieve with DOGE, here's the breakdown:

Elon Musk and Peter Thiel cofounded a company that became PayPal.

Other executives at PayPal went on to found or lead other huge tech companies including YouTube, LinkedIn, Reddit, Affirm, and many VC firms.

This group became known as the PayPal mafia because they exerted an outsized influence on Silicon Valley.

Peter Thiel mentored a young JD Vance and helped him get set up in his first VC firm.

Peter Thiel and the PayPal mafia funded JD Vance's successful Senate run. Amazing because he had

to choose JD Vance as VP in exchange for funding his presidential campaign.

The three of them, plus a lot of other tech billionaires subscribe to an ideology called the Dark Enlightenment espoused by this super weird, creepy dude: Curtis Yarvin aka Mencius Moldbug.

Yarvin preaches that the media and academia represent "The Cathedral" that secretly controls power and must be dismantled.

He advocates for a corporate run, monarchy, led by a CEO-Dictator.

Says that Democracy is an "outdated software" and openly opposes it and that:
- Government agencies should be dismantled and The U.S. should be broken up into "patchworks" controlled by tech oligarchs.
- That the elite tech billionaires should

dumb to govern themselves.

The strategy is to gut the government via R.A.G.E - Retire All Govt Employees to make government incapable of operating.

Then to replace government with private corporations.

To eliminate elections because they are "obsolete"

To use distraction and chaos to prevent public resistance.

Trump is their useful tool to be disposed of as soon as they can wrest control.

This is why Elon wears a black MAGA hat. They are not Trump supporters, they are "Dark MAGA"

This isn't a hypothetical. The plan is already in motion:

Musk plan and inspiration book

eyes of the whole world. The evidence is overwhelming. The hijackers are not even trying to hide their plans or actions already taken towards the goal. Abolish democracy in the United States and introduce a Dictatorship. But they do not have control over the armed forces and the Generals, That is the chance to avert the coup as soon as possible. The Generals must then decide whether to intervene or accept a Dictatorship in the United States soon.
David Vandygriff
If you're a little confused about what Musk is trying to achieve with DOGE, here's the breakdown: Elon Musk and Peter Thiel cofounded a company that became PayPal. Other executives at PayPal went on to found or lead other huge tech companies including YouTube, LinkedIn, Reddit, Affirm, and many VC firms.
This group became known as the PayPal mafia because they exerted an outsized influence on Silicon Valley. Peter Thiel mentored a young JD Vance and helped him get set up in his first VC firm. Peter Thiel and the PayPal mafia funded JD Vance's successful Senate run. Amazing because he had absolutely zero political experience. Thiel and Musk all but forced Trump to choose JD Vance as VP in exchange for funding his presidential campaign.
The three of them, plus a lot of other tech billionaires subscribe to an ideology called the Dark Enlightenment espoused by this super weird, creepy dude: Curtis Yarvin aka Mencius Moldbug. Yarvin preaches that the media and academia represent "The Cathedral" that secretly controls power and must be dismantled.
He advocates for a corporate run, monarchy, led by a CEO-Dictator.
Says that Democracy is an "outdated software" and openly opposes it and that:
This isn't a hypothetical. The plan is already in motion:
- Musk, Thiel, and their network are actively dismantling democratic institutions.
- JD Vance, the "MAGA heir," is being positioned to help implement this transition.
- The public is too distracted to realize what's happening.
- If successful, democracy in America will be permanently replaced by a corporate-run authoritarian state.
- That's it. Now that you understand that you can see how everything that's happening fits within that lens.
- Now the only question is what do we do about it?
- Anders Dernback
- Yes thats true! A masterplan, and a crime. It is a case for the Generals. Better to perform a new crime, to arrest those behind the plan behind the masterplan, compared to let it happen. New elections after 6 months, and the Generals steps down.
The similarities with Hitler and the Nazi coup are similar
Hitler participated in a coup d'état in 1923 (Trump 2021) Hitler was elected in 1933 (Trump 2024) Hitler staged a coup d'état again in 1933 (Trump 2025) Austria, Czechoslovakia,

Sweden ceased to be a country
Fantasy about how Sweden is divided. Northern Sweden becomes Russia, central Norway and the southern parts become Denmark.
Sweden was historically not a country, but became a united country. Sweden and Finland were a single country for over 600 years. Denmark owned parts of southern Sweden until the 17th century. Russia has had near sovereignty over Finland, starting in the 19th century.
Sweden after the death of Charles XII in Norway was the end of a "Great Power era". In 1905, Norway broke away from a previous union with Sweden. Surely a few believe that Sweden could disappear as a nation? That is why it is particularly fascinating to read about how the risk of that could increase.
Sweden ceased to be a country
Anders Dernback
Anders Dernback, born in 1952 from Malmö, Sweden, was active in the insurance industry. He owned an insurance brokerage. Brokerage of personal insurance. For fifty years he has had a great interest in the subject of history. The computer program Power Point is also an interest. The combination resulted in several thousand slide shows on the subject of history. Now he is making an attempt to create a book that is a fantasy story about how Sweden ceases to exist as a nation.

PEPFAR, established in 2003 by President George W. Bush currently provides HIV treatment to over 20 million people, including more than 500.000 children in 55 countries. Over its lifetime, the programme is credited with saving 26 million lives. The programme accounts for over 90% of pre-exposure prophylaxis (PrEP) enrollments – which prevent HIV transmission and are essential to controlling the pandemic – and supports 342,000 health workers directly. UNAIDS estimates show there were 52% fewer new HIV infections in 2023 than in 2010 across PEPFAR-supported countries, compared with a 39% reduction globally. PEPFAR's annual budget is US$6.5 billion. In South Africa alone, US funding halts could lead to 500,000 deaths in the next 10 years, an official of the Desmond Tutu HIV Center said.

President Trump does not speak languages other than English. He has prevented the release of his test results from the training period. Rumor has it that a test around his time at the Military Academy showed a low 73. But no credible test is public and therefore the public does not know what his IQ level is. On TV it has been shown that he couldn't figure out 17 times 6 in his head.

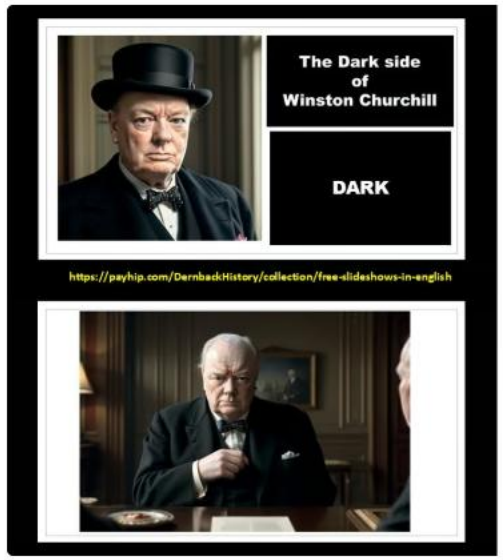
STUREMURDER
Nils Sture, born June 20, 1543 in Hörningsholm, died May 24, 1567 in Uppsala, was a Swedish diplomat, military man, and nobleman.
Svante Sture the younger. born 1 May 1517 at Tre Kronor Castle in Stockholm, died 24 May 1567 at Uppsala Castle, (killed during the Sture murders).
Eric Sture. born 18 May 1546 at Hörningsholm, died 24 May 1567 in Uppsala (executed on the order of Erik XIV) Erik Sture was a soldier.
ERIK XIV

Sturemurder (English)



Interest in the subject of history is low! In Australia, student interest has fallen for 50 years in a row, according to the authorities. Members on Facebook and in history groups, where 99% don't like history slideshows. Even if they immediately get 400 slideshows to read if they click a link, only 1% do. But scientifically, the slide show is very effective in teaching history, much better than just texts. Over 400 slideshows are available here. But no more than 1% will act to learn more via these 12,000 pages to study.

Slideshows about History (English)

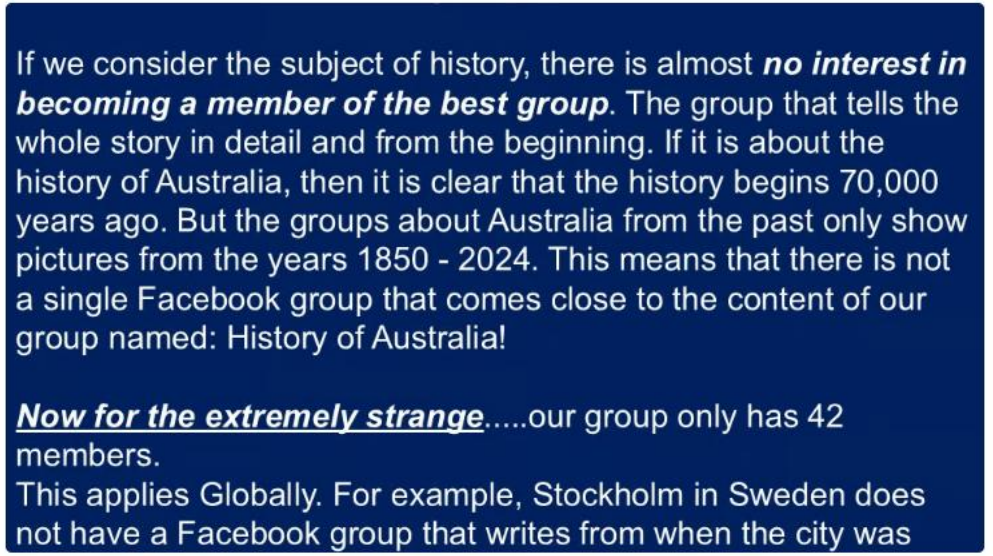
History shows extreme events and mass murder.
The children were not spared. Mass murder of children was also the goal in some cases.
Here are some cases from history and the number of people killed is staggering.

The children were not spared (English)



If we consider the subject of history, there is almost no interest in becoming a member of the best group. The group that tells the whole story in detail and from the beginning. If it is about the history of Australia, then it is clear that the history begins 70,000 years ago. But the groups about Australia from the past only show pictures from the years 1850 - 2024. This means that there is not a single Facebook group that comes close to the content of our group named: History of Australia!
Now for the extremely strange.....our group only has 42 members.
This applies Globally. For example, Stockholm in Sweden does not have a Facebook group that writes from when the city was

Compare Hitler's and Trump's path to power
The election liquidated what was left of Weimar democracy and reduced the Reichstag to a mere stage for Hitler's speeches. It only met sporadically until the end of World War II, held no debates and enacted only a few laws, while the Reichsrat was abolished in February 1934 by the Law on the Abolition of the Reichsrat.
Deaths directly caused by the war (including military and civilian fatalities) are estimated at 50–56 million, with an additional estimated 19–28 million deaths from war-related disease and famine.

The Chase
by Arthur Ripley
Publication date 1946
Usage Public Domain
Returning a lost wallet gains unemployed veteran Chuck Scott (Robert Cummings) a job as chauffeur to Eddie Roman (Steve Cochran), a seeming gangster whose enemies have a way of meeting violent ends. The job proves nerve-wracking, and soon Chuck finds himself pledged to help Eddie's lovely, fearful, prisoner-wife Lorna (Michèle Morgan) to escape.
The result leaves Chuck caught like a rat in a trap, vainly seeking a way out through dark streets. But the real chase begins when the strange plot virtually starts all over again...

Based on the results of the study, we can see that the majority of the prostitutes who were registered by the criminal police in Malmö had moved from their places of birth to Malmö. The women came from several parts of Sweden but mainly from Svealand and Götaland, with the exception of the women who moved to Malmö from Denmark and Norway and those who were born in Malmö. The majority of women who succeeded in freeing themselves from prostitution did so by contracting marriage. In the results part of the study, a number of women and their fates are highlighted and we can see that they are freed from the institution of the inspection agency through marriage. In some of the cases we can also see that the women either alone or with the respective moved to America.

PETER NICOLAI ARBO
Peter Nicolai Arbo (18 June 1831 – 14 October 1892) was a Norwegian historical painter, who specialized in portraits and allegorical scenes from Norwegian history and the Norse mythology. He is most noted for The Wild Hunt of Odin, a dramatic motif based on the Wild Hunt legend and Valkyrie, which depicts a female figure from Norse mythology.
Peter Nicolai Arbo grew up at Gulskogen Manor in Gulskogen, a borough in Drammen, Norway. He was the son of headmaster Christian Fredrik Arbo (1791–1868) and his wife Marie Christiane von Rosen. His brother Carl Oscar Eugen Arbo was a military medical doctor and a pioneer in Norwegian anthropologic studies.

VOTE
TRUMP TRUMP
Konzentrations Lager der Standarte 208.
SA guards at Oranienburg concentration camp, 1933
TRUMP
Hitler 1933
Trump 2024
The similarities are obvious if you compare Hitler's criminal gang that cost the world 60 million dead. Curiously, the German people elected a person who participated in a coup d'état in 1923 and was imprisoned for the failed coup attempt. In the 1933 election, SA gangs went around intimidating and influencing eligible voters. Hitler got just over 33% of the vote, and it was the German generation born from 1850 to 1913 who bore the responsibility

In September 2024, American right-wing politicians and media figures amplified false claims that Haitian immigrants in Springfield, Ohio, were illegally abducting pets such as cats and dogs and eating them.
Springfield became a popular destination for Haitian migrants in the 2020s, leading to racial tensions in the city. The claim about immigrants eating pets began when a member of a local Facebook group said a neighbor's daughter's friend's cat was eaten by immigrants. It spread quickly among far-right and neo-Nazi groups, and was then amplified by prominent figures in the American right, most notably Republican presidential nominee Donald Trump, his running mate JD Vance, and X owner Elon Musk.

Tulip Mania
About 99% of the value from the highest level disappeared
Tulip price index 1636-37
A standardized price index for tulip bulb contracts, created by Earl Thompson. Thompson had no price data between February 9 and May 1, thus the shape of the decline is unknown. The tulip market is known to have collapsed abruptly in February.

Lady Godiva
Godiva was the wife of Leofric, Earl of Mercia. They had nine children; one son was Ælfgar. Godiva's name occurs in charters and the Domesday survey, though the spelling varies. The Old English name Godgifu or Godgyfu meant "gift of God"; 'Godiva' was the name's Latinised form. Since the name was a popular one, there are contemporaries of the same name.

Venezia
Ponte Di Rialto
The Rialto Bridge (Italian: Ponte di Rialto; Venetian: Ponte de Rialto) is the oldest of the four bridges spanning the Grand Canal in Venice, Italy. Connecting the sestieri (districts) of San Marco and San Polo, it has been rebuilt several times since its first construction as a pontoon bridge in the 12th century, and is now a significant tourist attraction in the city.

Donald Trump's list for his new presidency
1. Get revenge on your opponents as soon as possible
2. Only hire people who like me.
3. Fire everyone who doesn't share my opinion.
4. Enact new laws that restrict the Media's freedom to write any crap about me.
5. Establish a new Court that only deals with cases that I am involved in and quintuple the salaries of all Judges who like me and want to start working there.
6. Build a wall along the border between the US and Canada, to protect the US from labor shortages, when much of the best labor will flee to Canada if I win the Presidential Election.
7. Start a new TV channel that mainly shows all my previous public appearances in replays.
8. Work for compulsory uniforms in all schools.
9. Invite Vladimir Putin with friends to the United States, spare no expense for the visit.
Enact new laws that restrict the Media's freedom to write any crap about me
You are fired!

TRUMP
In an alternate timeline, Friderich Trump, a man with ambitions and a knack for business, decided to face the consequences of his actions in Germany. After serving a brief jail sentence for evading military service, he resolved to start anew. With a steely determination, he moved to Munich, a city ripe with opportunity and brewing with political ferment.
WHAT WOULD HAVE HAPPENED IF DONALD TRUMP'S GRANDFATHER FRIDERICH HAD STAYED IN GERMANY?

Slide show to download

The Dernback Collection with slideshows is constantly growing.
Here are some categories of topics that appear in the slideshows.
There are probably few collections where only one private person has made 1,890 slideshows available on the Internet and where the subject is history, as well as in Swedish and English.
Payhip is a service similar to an e-commerce store and only 6% of 1,890 items have a price and that
is 96% which is free. Not entirely unreasonable in light of the fact that the collection took approximately three full working years to create.
The collection is also still growing.
Strange but only 1% of visitors download from this unique collection. Please increase the pace!

Bildspel att ladda hem

Dernback Collection med bildspel växer ständigt.
Här är några kategorier av ämnen som visas i bildspelen.

Troligen är det få samlingar där bara en privatperson har gjort 1 890 bildspel tillgängliga på Internet och där ämnet är historia, samt på svenska och engelska.

Payhip är en service som liknar en e-handelsbutik och bara 6 % av 1 890 objekt har ett pris och det är 96 % som är gratis. Inte helt oskäligt mot bakgrund av att samlingen tog ungefär tre hela arbetsår att skapa. Samlingen växer dessutom ännu.
Märkligt men endast 1 % av besökare laddar hem från denna unika samling. Öka gärna takten!

Cinema Under Siege: A History and Revival Amidst Digital Chaos

The Evolution of Cinema in Sweden

The inception of cinema in Sweden dates back to the late 19th century, with the first film screenings captivating audiences at the Industry and Crafts Exhibition in Malmö. This historic event, held from June to September 1896, marked the beginning of a cultural phenomenon that would grow to become an integral part of Swedish society.

Från Nya Sverige till Nutida Amerika: En Djupdykning i det Svenska Koloniala Arvet

Historisk översikt

År 1637 seglade två skepp från Sverige mot Nordamerika för att grunda en svensk koloni vid Delawareflodens utlopp. Kolonin, som fick namnet Nya Sverige, etablerades 1638 efter markköp från Lenapefolket och varade fram till 1655 då den togs över av Nederländerna. Under denna period var kolonin en del av Sveriges försök att expandera sin globala närvaro och handel.

Pierre Curie
Marie Curie (1867 - 1934)
Translated by Vernon Kellogg (1867 - 1937)
and Charlotte Kellogg (1874 - 1960)

This biography of the noted French physicist Pierre Curie was written by his wife, the renowned physicist Marie Curie. In it, she not only chronicles the scientific accomplishments of her husband, but also provides unique insight into his family life and personality. The book concludes with a four chapter autobiography of the author. - Summary by Ciufi Galeazzi

Mission Santa Barbara
Mission Santa Barbara, also known as Santa Barbara Mission, is a Spanish mission founded by the Franciscan order near present-day Santa Barbara, California. It was founded by Padre Fermín Lasuén on December 4, 1786, the feast day of Saint Barbara, as the tenth mission for the religious conversion of the indigenous local Chumash-Barbareño tribe of Native American people. The mission is the namesake of the city of Santa Barbara as well as of Santa Barbara County.

Rudolph Rummel
1932 - 2014
was an American political scientist and professor at the Indiana University, Yale University, and University of Hawai'i. He spent his career studying data on collective violence and war with a view toward helping their resolution or elimination. Contrasting genocide, Rummel coined the term democide for murder by government, such as the genocide of indigenous peoples and colonialism, Nazi Germany, the Stalinist purges, Mao Zedong's Cultural Revolution, and other authoritarian, totalitarian, or undemocratic regimes, coming to the conclusion that democratic regimes result in the least democides.

Timeline very early Australian history Facebook aproved (English)
1,00 US$

The prehistory of Australia is the period between the first human habitation of the Australian continent and the colonisation of Australia in 1788, which marks the start of consistent written documentation of Australia. This period has been variously estimated, with most evidence suggesting that it goes back between 50,000 and 65,000 years. This era is referred as prehistory rather than history because knowledge of this time period does not derive from written documentation. However, some argue that Indigenous oral tradition should be accorded an equal status.
A hunter-gatherer lifestyle was dominant until the arrival of Europeans, although there is evidence of land management by practices such as cultural burning, and in some areas, agriculture, fish farming, and permanent settlements.
The earliest evidence of humans in Australia has been variously estimated, with most agreement as of 2018 that it dates from between 50,000 and 65,000 years BP

Random Reminiscences of Men and Events
John D. Rockefeller (1839 - 1937)
A good book by the oil revolutionist of the 20th century. As they say "Men should listen to experience" and this book is all about the experience of the second highest taxpayer of the US during the 20's. Though it is not in the book, this is a small poem he wrote:
I was early taught to work as well as play,
My life has been one long, happy holiday;
Full of work and full of play-
I dropped the worry on the way-
And God was good to me everyday.

THE FAIRY TALES OF HANS CHRISTIAN ANDERSEN
THE REAL PRINCESS

THERE was once a prince who wished to marry a princess; but he wanted her to be a real princess. He travelled all round the world to find such one, but there was always something wrong. Not that there was any lack of princesses, but as to whether or no they were real ones, he could not always make out. There was sure to be something in the way that was not quite satisfactory. At length he returned home, quite out of spirits, for he wished so to find a real princess.

governments during the 20th century. Rummel stated that his 272 million death estimate was his lower, more prudent figure, stating that it "could be over 400,000,000." Rummel came to the conclusion that a democracy is the form of government which is least likely to kill its citizens because democracies do not tend to wage wars against each other.
He summed up his research in Power Kills (1997). His other works include Lethal Politics: Soviet Genocides and Mass Murders 1917–1987 (1990), China's Bloody Century: Genocide and Mass Murder Since 1900 (1991), Democide: Nazi Genocide and Mass Murder (1992), Death by Government: Genocide and Mass Murder Since 1900 (1994), and Statistics of Democide (1997). Extracts, figures, and tables from the books, including his sources and details regarding the calculations, are available online on his website.
Rummel ansåg att det finns stark korrelation mellan demokrati och fred - av de 353 krig som utkämpats sedan 1816 skulle inget ha stått mellan demokratier, vilket enligt kritiker mest beror på att "demokrati" inte har någon enhetlig definition.

First World War Centenary Prose Collection Vol. II Various
This collection of non-fiction and fiction pieces is the second volume commemorating the First World War. The majority of the items, all chosen by the readers, are in English, but the collection also includes pieces in French and German.
Please note that some works are still protected by copyright in countries which observe copyright laws based on the author's date of death.
Most items were written during or shortly after the war, but one or two have been included for their relevance in other ways. For more information about each piece, please see this document (PDF format), which also shows the authors' dates of death. (Summary by Ruth Golding) Genre(s): War & Military Fiction, War & Military Language: Multilingual.

Sir William Wallace c. 1270 – 23 August 1305) was a Scottish knight who became one of the main leaders during the First War of Scottish Independence.
Along with Andrew Moray, Wallace defeated an English army at the Battle of Stirling Bridge in September 1297. He was appointed Guardian of Scotland and served until his defeat at the Battle of Falkirk in July 1298. In August 1305, Wallace was captured in Robroyston, near Glasgow, and handed over to King Edward I of England, who had him hanged, drawn and quartered for high treason and crimes against English civilians.

Slideshare
SlideShare is an American hosting service, now owned by Scribd, for professional content including presentations, infographics, documents, and videos. Users can upload files privately or publicly in PowerPoint, Word, PDF, or OpenDocument format. Content can then be viewed on the site itself, on mobile devices or embedded on other sites. SlideShare also provides users the ability to rate, comment on, and share the uploaded content. Launched on October 4, 2006, the service positioned itself to be similar to YouTube, but for presentations. The company was acquired by LinkedIn in 2012, and then by Scribd in 2020.
In 2018, it was estimated that the website gets an estimated 80 million unique visitors a month. SlideShare's biggest competitors include Zoho.com, Issuu and edocr.
slideshare
The website was originally meant to be used for businesses to share slides, but it expanded to become a host of many slides that are uploaded merely to entertain.
On May 3, 2012, SlideShare announced that it was to be acquired by LinkedIn. It is reported that the deal was $118.75 million. On August 11, 2020, it was reported that Scribd, Inc. acquired Slideshare from LinkedIn for an undisclosed amount. Scribd took over the operations on September 24, 2020. 70 million members.

The Time Machine is a science fiction novella by H. G. Wells, published in 1895. The work is generally credited with the popularization of the concept of time travel by using a vehicle or device to travel purposely and selectively forward or backward through time. The term "time machine", coined by Wells, is now almost universally used to refer to such a vehicle or device.

Romeo and Juliet is a tragedy written by William Shakespeare early in his career about two young Italian star-crossed lovers whose deaths ultimately reconcile their feuding families. It was among Shakespeare's most popular plays during his lifetime and, along with Hamlet, is one of his most frequently performed plays. Today, the title characters are regarded as archetypal young lovers.

Our Search for a Wilderness
Mary Blair Beebe
Our Search for a Wilderness, An Account of Two Ornithological Expeditions to Venezuela and British Guiana
William Beebe (1877 - 1962) and Blair Niles (1880 - 1959)
In 1908-1909, Mary Blair Beebe and her husband, C. William Beebe made two private expeditions to Venezuela and British Guiana, exploring and collecting live birds for the New York Zoological Park. They then collaborated on a book about their "search for a wilderness," with Mary Blair doing the bulk of the writing. The Beebe's supplemented tropical birding with visits to gold mines in British Guiana and a lake of pitch, which was being mined in the middle of the Venezuelan jungle.

Emily Brontë
Agnes Mary Frances Robinson (1857 - 1944)
Emily Brontë (1818-1848) is best known for her only novel, "Wuthering Heights." She was born in Yorkshire, northern England, where her father was an Anglican curate. When Brontë was three years old her mother died of cancer. At the age of six she joined her three sisters briefly at the Clergy Daughters' School, where privations and abuse contributed to the deaths of two of them. Her elder sister, Charlotte, immortalized this terrible place in "Jane Eyre." In 1846 Emily Brontë, under the pseudonym Ellis Bell, published a selection of her poetry. In 1847 appeared her dark, gothic novel, "Wuthering Heights," with its Byronic anti-hero, Heathcliff. Brontë was shy, even reclusive, and never married. In the fall of 1848 she fell ill with inflammation of the lungs, probably due to rapidly-progressive tuberculosis, and died in December of that year, aged twenty-nine. This is a short biography of Brontë written by the British poet, novelist, and critic, Agnes Mary Frances Robinson (1857-1944). (Pamela Nagami)

Philippine–American War 1899 - 1902
Casualties and losses
4,196–6,000 killed (sources vary), 2,818 wounded, several succumbed to disease
US War Crimes killed 128 000 people (Rummel)
The Philippine–American War or the Filipino–American War (modern Filipino: Digmaang Pilipino–Amerikano), previously referred to as the Philippine Insurrection or the Tagalog Insurgency by the United States, was an armed conflict between the First Philippine Republic and the United States that lasted from February 4, 1899, to July 2, 1902. While Filipino nationalists viewed the conflict as a continuation of the struggle for independence that began in 1896 with the Philippine Revolution against Spain, the U.S. government regarded it as an insurrection. The conflict arose when the First Philippine Republic objected to the terms of the Treaty of Paris under which the United States took possession of the Philippines from Spain, ending the Spanish–American War.
12,000 killed (Philippine claim), 16,000-20,000 killed (American claim)
Filipino civilians: 200,000–1,000,000 died, most because of famine and disease; including 200,000 dead from cholera.

Victory at Narva
The Battle of Narva Swedish: Slaget vid Narva) on 30 November [O.S. 19 November] 1700 (30 November in the Swedish transitional calendar) was an early battle in the Great Northern War. A Swedish relief army under Charles XII of Sweden defeated a Russian siege force three to four times its size. Before, Charles XII had forced Denmark–Norway to sign the Treaty of Traventhal. Narva was not followed by further advances of the Swedish army into Russia; instead, Charles XII turned southward to expel August the Strong from Livonia and Poland-Lithuania. Tsar Peter the Great of Russia took Narva in a second battle in 1704.

Reduction of Gustav I of Sweden
The Reduction of Gustav I of Sweden, was an important reform during the Protestant Swedish Reformation, in which king Gustav I of Sweden ordered a reduction in church property and the return of land to the crown, making the national church dependent upon the monarch and effectively ending Swedish monastic life. This organised confiscation and transfer of the property of the Swedish Catholic church to the Crown - initiated at the Västerås riksdag of 1527 and finalised in the 1540s - was the economic phase of the Swedish Reformation and was followed by the Örebro Synod, which dealt with theological matters.

1621 April 5, The Mayflower sets sail from Plymouth, Massachusetts on a return trip to England.
Mayflower was an English ship that transported the first English Puritans, known today as the Pilgrims, from Plymouth, England to the New World in 1620
According to author Charles Banks, the officers and crew of Mayflower consisted of a captain, four mates, four quartermasters, surgeon, carpenter, cooper, cooks, boatswains, gunners, and about 36 men before the mast, making a total of about 50. The entire crew stayed with Mayflower in Plymouth through the winter of 1620–1621, and about half of them died during that time. The remaining crewmen returned to England on Mayflower, which sailed for London on April 5, 1621

WHO'S ABSENT?
Is it You?
JOHN BULL
John Bull is a national personification of the United Kingdom in general and England in particular, especially in political cartoons and similar graphic works. He is usually depicted as a stout, middle-aged, country-dwelling, jolly and matter-of-fact man.
John Bull originated as a satirical character created by Dr John Arbuthnot, a friend of Jonathan Swift and Alexander Pope. Bull first appeared in 1712 in Arbuthnot's pamphlet Law is a Bottomless Pit.[2] The same year Arbuthnot published a four-part political narrative The History of John Bull. Starting in the 1760s, Bull was portrayed as an Anglo-Saxon country dweller. Bull is usually depicted as a stout man in a tailcoat with light-coloured breeches and a top hat.

Country British India
Location Bengal and Orissa.
Period 1943–1944
Total deaths Estimated 2.1 to 3 million in Bengal alone
Bengal famine of 1943
British mis-government contributed to the crisis, but sees the policy failure as a complete misunderstanding of the cause of the famine. This misunderstanding led to a wholly misguided emphasis on measuring non-existent food shortages rather than addressing the very real and devastating inflation-driven imbalances in exchange entitlements.
The British government, this argument maintains, thus bears moral responsibility for the rural deaths
Working from an assumption that the Bengal famine claimed 1.5 million lives, the Famine Inquiry Commission made a "gruesome calculation" that "nearly a thousand rupees [£88 in 1944; equivalent to £3,904 or $1,278 in 2019] of profits were accrued per death. As the Famine Inquiry Commission put it, "a large part of the community lived in plenty while others starved ... corruption was widespread throughout the province and in many classes of society" (Wikipedia info)
